

### Maths

Children will learn master our multiplication and division methods before exploring order of operations. Later in the half term, we will be adding, subtraction, multiplying and dividing fraction.

# Year 6

# WORLD WAR II

### History

We will be looking back at World War 2. Our focus will be 'What was it like to be evacuated?' and 'Why did WW2 start and how was Britain affected?'

### Science

We will explore electricity and create their own circuits to investigate the impact of adding more voltage or more components has on the brightness of a bulb or the loudness of a buzzer. The children will also investigate renewable energy.

### DT

We will build on our understanding of World War 2 to explore structures that were used as air raid shelters. We will even make our own models of an air raid shelter.

### English

In English, we will immerse ourselves into the world of Biographies. Discovering the key features of them before focusing on Walt Disney.

# Autumn

# 2

## Key Texts

## PE

Children will complete units on:

**Creative Games**

**Gymnastics**

## ENRICHMENT

We will be having a special World War day.

## Computing

Creating Media

Children will learn how websites are developed and explore numerous different layouts. We will then work towards creating our own page or content.

## Music

We will be exploring the genre of 'Jazz' whilst learning to apply our understanding on a keyboard.

## RE

In RE, we are focusing on the religion of Islam with a focus question of 'What is Hajj and why is it important to Muslims?'

## French

We will be learning where some French cities are located in France. Talking about tourist attractions in Paris and naming popular French foods.

## PSHE CELEBRATING DIFFERENCES

Children will explore their perceptions of normality, understanding of disability as well as understanding bullying and inclusion/exclusion.
