

Year 4

Maths

This half-term, the children will develop their knowledge of time tables and division facts. We will also investigate area.

English

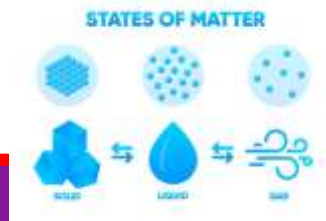

In English, our focus text is *The Dark*. Inspired by the story, the children will be writing their own scary stories. We will be writing an explanation text.

Science

States of Matter

The children will be learning all about solids, liquids and gases. We will learn about how matter can change states and investigating the water cycle.

Geography

Volcanoes and Earthquakes

In geography, we learn all about what volcanoes are and how they are formed. We will be learning about earthquakes, how they are measured and how to survive an earthquake.

DT

Structures

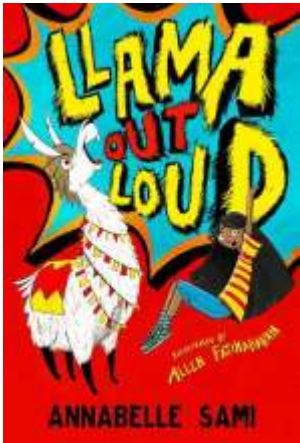

In DT, we learn all about structures. We will learn about how structures are designed to be stable and design and make our own earthquake resistant shelter!

Autumn

2

Key Texts

PE

In PE we will go swimming to learn important lifesaving skills. We will also be developing our skills in net and wall games.

ENRICHMENT

We will deliver a class assembly to parents all about our learning. We will also be going on a local walk to investigate structures

Computing

In computing we will identify input and output devices required to work with sound digitally. We will discuss the ownership of digital audio and copyright. We will also discuss how to stay safe online.

French

In French we will be learning all about playtimes.

Music

In music we will be using glockenspiels to further our existing knowledge and skills with this instrument.

PSHE

In PSHE we will be learning about 'celebrating differences.' We will be talking about how first impressions can be misleading, how bullying can be hard to spot and what to do if we are unsure.

RE

This half-term, we will focus on Hinduism. We will look at what Hindus learn through celebrating Diwali, including the story of Rama and Sita
