

Year 5

Maths

Children will develop their understanding of formal methods for multiplication and division. Children will then move on to another fraction unit, where they will learn how to find fractions of amounts and multiply fractions.

Science

Properties of Materials
Children will learn different ways to describe different materials and test out the electrical conductivity of a variety of materials.

Geography Rainforests

Children will learn about the world's rainforest, the layers of the rainforest and investigate the plants and animals that live in this incredible environment. They will also be looking at the impact of deforestation.

English

The Explorer

Inspired by the book, the children will write a detailed setting description of the Amazon Rainforest. They will then write a non chronological report on the animal that live in the rainforest.

D&T

Rainforest T - shirt

Children will create their own T-shirt with an embroidery design. The focus of the T-shirt will be a souvenir t shirt that will be sold at Chester Zoo.

Spring

1
