

# Swans

## Maths

Pupils are learning about addition and subtraction within either 20 or 100, using their place value knowledge to help them.

## English

Pupils will be reading the text 'Lost and Found'. They will be continuing their work on forming sentences and learning how we can use adjectives.

## Science Plants

Pupils will learn about what plants need to grow. They will complete an experiment where they compare plants growing in the light and the dark.

## History

### The Romans

Pupils will learn about life in Roman times. They will look at who the Romans were through looking at the different aspects of their lives.

## Art Weaving

Pupils will learn how to weave independently. They will practise and develop their weaving skills through completing different activities.
