50%

Maths

Children will use their mathematical skills in the areas of Decimals before apply this understanding when looking at fractions, percentages and decimals. We will also explore area, perimeter and volume.

Science

Children will learn about the main parts of the circulatory system including the heart, blood vessels and blood. We will focus on the journey of blood around the body and the role the heart plays in driving this.

Geography

Children will learn about the trade and economics on the United Kingdom. They will also explore how this compares to the country of EL Salvador.

Art

Children will explore how we can use technology to create art. They will take pictures, create pieces of work on different computer programmes as well as learning about famous artists Edel Rodriguez and Jacob Lawrence.

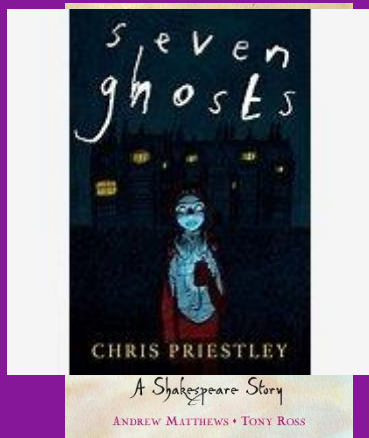

English

In our English non-fiction unit, the children will be writing detailed newspaper articles about mysterious ghost sightings at Grimstone Hall, learning how to engage the reader while presenting information clearly and formally.

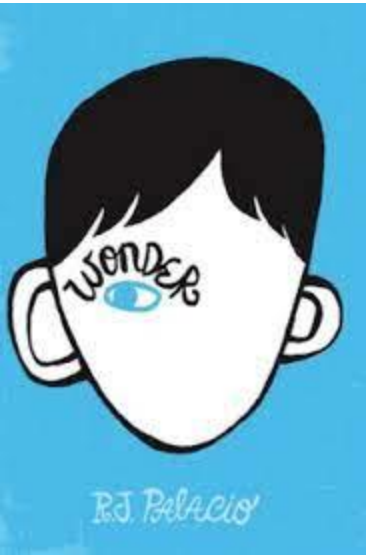

Spring 2

Year 6

Key Texts

PE

Children will complete a unit on **HOCKEY**- developing their skills in teamwork, stick control, passing and understanding the rules of the game.

RE

We will be learning about Christianity. Our focus question is 'Why do Christians believe Good Friday is 'good'?'

Computing

Children will be looking at **DATA AND INFORMATION**. We will enter to world of 'spreadsheets' and see how they can help us sort, organise and analyse data.

ENRICHMENT

After exploring Fairtrade and the impact it has, we will get the opportunity to do some Fairtrade Baking.

French

We will be learning the French words for what they enjoy doing with their friends. They will even learn the French words for what they might eat for a midnight feast. Yum yum!

PSHE

Healthy Me

We will be thinking of ways to keep both our minds and bodies healthy.
