

Year 3

Maths

Mass and Capacity and Money

Science

We will be learning all about light. We will be able to explain absence of light and different light sources. We will also be looking at how shadows are formed and how they change size. We will learn how to protect our eyes.

History

We are learning all about the Lancashire Cotton Industry in our 'Inventive Victorians' topic. We will be looking at what life was like for the workers and how the Lancashire Cotton Famine started.

English

We are looking at the story Street Child. This will give us a deeper insight to the lives of Victorian people to support our learning in History and D.T. We will use the language skills we have practiced to write an object description and autobiography.

DT

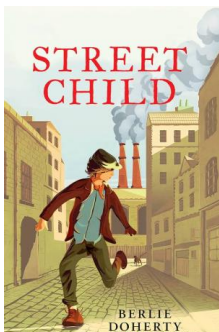

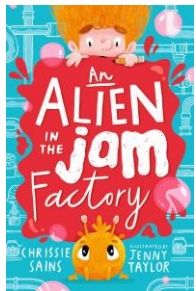

In DT, we are going to be making puppets out of felt. We will be practicing sewing techniques and creating our own templates to help us.

Summer

1

Key Texts

PE

Children will be taking part in basketball and dodgeball.

ENRICHMENT

St George's Day

Computing

In computing, we will be learning about publishing. We will learn how to open and save documents and format text in a presentation.

French

Children will be learning how to say the French names for different animals.

Music

This half term, we will be learning how to appraise and sing the song 'Bringing us together.'

PSHE

This half term, we are going to be looking at relationships. We will be learning how to celebrate our relationships and the different roles within a family.

RE

Children will learn about Christianity. They will learn what the 'Holy Spirit' means to Christians.
