

Year 3

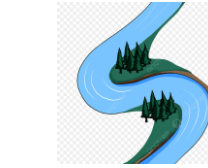

Maths

The children will be learning about length and perimeter, time and mass and capacity.

Science

We will be learning all about light. We will be able to explain absence of light and different light sources. We will also be looking at how shadows are formed and how they change size. We will learn how to protect our eyes.

Art

Children will be learning all about pointillism and the artist Georges Seurat. The children will learn a range of techniques to help them create their final piece of artwork.

Summer

2

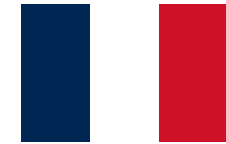

PE

The children will be taking part in rounders and athletics.

French

Children will learn French vocabulary to describe their experiences at school. They will explore stationary, equipment, subjects, and names of people involved in their school life.

Computing

The children will be having another go at programming this half term. With a focus on programming events and actions.

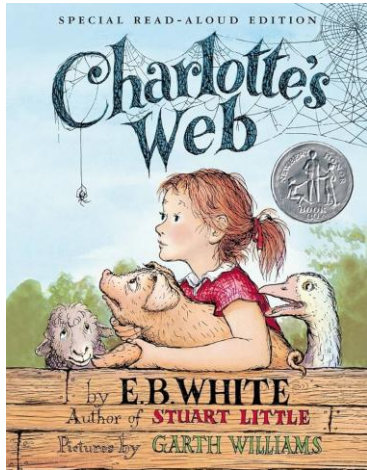

PSHE

Changing Me

Children will be learning about how a baby develops into a child and adult. They will discuss how they change and what they are looking forward to in year 4.

Key Texts

RE

The children will be learning about Hindu Dharma. They will learn all about why family is an important part of Hindu life.
