What is the UK?

The UK is made up of **4 countries** and each one has a **capital city**.

England	London
Scotland	Edinburgh
Wales	Cardiff
Northern Ireland	Belfast

Fun fact!
Some countries have extreme and dangerous weather!

What seas surround us?

What is the weather like in our country?

- The UK has four seasons.
- The weather changes when the seasons change.
- In general, the UK has warm summers and cold winters.
- The weather can change most days. One day it could be sunny and the next day it could rain.

Can I forecast the weather?

In a weather forecast, symbols are used to show what the weather will be like in a particular area. People check the weather forecast before they make plans for a day out. Computers are used to help make accurate weather forecasts.

How can the weather affect us?

Countries around the world have different climates. Countries near the equator have hotter climates and the Arctic and Antarctic have much colder climates. Climates can affect many things, such as which plants can grow. Many animals are specially adapted to the climate they live in
