

Year 3

Maths

Place Value up to 1000.

Addition and Subtraction
of numbers up to 1000.

1000

English

Children will develop their
narrative writing skills by planning,
writing, and editing their own
stories based on Paddington the
Bear.

Children will expand their use of
adjectives through developing
understanding of expanded noun
phrases and begin to explore
speech within their writing.

Geography

Children will learn
about the UK and its
settlements. They
will be looking at the
features and
functions. hamlets,
villages, towns and
cities

Science

Children will learn the 5
groups that scientists use to
classify foods and nutrients:

Proteins, carbohydrates,
fats and sugars, vitamins
and minerals, and dairy.

They will also learn the
main parts of animal and
human skeletons and their
functions.

D&T

Children will learn all
about levers and
linkages and how to
use them to create a
moving poster all
about London.
Children will learn how
to use a fixed and
loose pivot.

Autumn

1

PE

Children will have the opportunity to explore throwing at a target, catching and dodging in games of netball and dodgeball.

ENRICHMENT

Computing

This term, children will be exploring the use of digital devices. They will learn about what a digital device is, how they are used, and how they are linked within a network.

Music

Children will have the opportunity to make music using their voices. Through singing, children will practice, compose and improvise.

PSHE

This term's topic is "Being Me in My World." Children will explore how their actions affect others and their place within the school community.

French

Children will learn how to greet others in French, as well as developing fundamental conversational techniques.

RE

Children will learn about Christianity and God. They will learn about how and why people have served God.
