

Maths

Children will learn master our multiplication and division methods before exploring order of operations. Later in the half term, we will be adding, subtraction, multiplying and dividing fraction.

Year 6

English

In English, we will immerse ourselves into the world of Biographies. Discovering the key features of them before focusing on Walt Disney.

WORLD WAR II

Science

We will continue our learning on the 'Heart and Lungs' with a focus on how to stay fit and healthy. After completing this learning we will explore living things can be classified into broad groups based on observable similarities and differences.

History

We will be looking back at World War 2. Our focus will be 'What was it like to be evacuated?' and 'Why did WW2 start and how was Britain affected?'

DT

We will build on our understanding of World War 2 to explore structures that were used as air raid shelters. We will even make our own models of an Anderson shelter.

Autumn 2

Key Texts

PE

Children will complete units on:

Invasion games: Rugby

and **Dance**

ENRICHMENT

We will be taking part in a special art project for the Burnley Christmas Lantern Parade.

Computing

Creating Media

Children will learn how websites are developed and explore numerous different layouts. We will then work towards creating our own page or content.

French

We will be learning where some French cities are located in France. Talking about tourist attractions in Paris and naming popular French foods.

Music

We will be exploring the genre of 'Jazz' whilst learning to apply our understanding on a keyboard.

PSHE

CELEBRATING DIFFERENCES

Children will explore their perceptions of normality, understanding of disability as well as understanding bullying and inclusion/exclusion.

RE

In RE, we are focusing on the religion of Islam with a focus question of 'What is Hajj and why is it important to Muslims?'
