

# Cygnets

## Maths

Children will look at place value within 10, developing their understanding of number. Children will be introduced to 'fewer, more and same'.

## Geography

### Place knowledge – local environment

Children will learn about their local area. Children will explore the differences between physical and human features of the environment around them.

## Science

### Materials and Their Properties

Children will explore everyday materials such as wood, plastic and metal. Children will engage with a range of investigations and explore key vocabulary.

## Art Painting

Children will be exploring how they can paint using a range of different materials. Children will be exploring colour and movement painting.

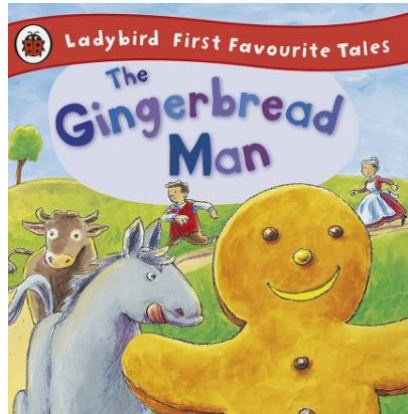

## English

Children will continue learning speedy sounds through multi-sensory lessons at their own pace. Children will also be exploring a range of traditional tales to promote a love for reading.

# Autumn 2

## Class Novel:

## PE

**Fundamental movement skills – co-ordination and static balances.**

Children will explore the fundamental movement skills, focusing on coordination and balancing

## ENRICHMENT

Our curriculum is enriched by our THRIVE approach to learning.

## Computing

**Information technology**

Children will focus on how technology works. Children will develop a curiosity for technology such as torches, cameras and computers.

## Music

**Playing and Singing together.**

Children will explore a range of nursery rhymes through multi-sensory music trays to promote a love for music and learning.

## RE

**Christianity**

Children will explore how Christians celebrate Christmas through Attention Autism, crafts and our Christmas event.

## PSHE

**Celebrating Differences**

Children will explore the things which make us unique. Children will explore what they are good at so that they can feel proud.

## THRIVE

We are developing our turn taking skills and sharing skills through play.
