ACCESSABILITY POLICY 2023

Policy Statement

Barden Primary School aims to treat all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school aims to work closely with disabled pupils, their families and any relevant outside agencies to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils. As part of the school's continued communication with parents, carers and other stakeholders we continually look at ways to improve accessibility through data collection, questionnaires and parental discussions.

Aims of the Policy

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request. Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. The school supports any available partnerships to develop and implement the plan. Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010. The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities. Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Definition of Disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term negative effect on his or her ability to carry out normal day-to-day activities (Equality Act 2010)

What will the Accessibility plan do?

1. The Accessibility Plan is structured to complement and support the school's SEND Policy, which can be accessed via our website or the school office. Barden Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 regarding disability and to developing a culture of inclusion, support and awareness within the school. The Barden Primary School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as prepared for life as are the able-bodied pupils. This encompasses teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe.
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

Whole school training will recognise the need to continue raising awareness of equality issues for staff and governors to comply fully with the Equality Act 2010.

2. This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Behaviour Policy
- Health & Safety Policy,
- SEND Policy
- School Improvement Plan

REVIEW

The Governing Body reviews this policy every three years. The Governors may, however, review the policy earlier than this, if the government introduces new regulations, or if the Governing Body receives recommendations on how the policy might be improved.
