

# Year 5

## JUMANJI

### Maths

Children will develop their understanding of formal methods for multiplication and division. Children will then move on to another fraction, where they will learn how to find fractions of amounts and multiply fractions..

### English Adventure Stories

Inspired by the rainforest and Jumanji, children will write out own adventures stories

### Science Materials

Children will expand their knowledge of properties of materials, learn about reversible and irreversible changes and solubility. They will carry out a number of investigations on materials

### Geography Rainforests

Children will learn about the world's rainforest, the layers of the rainforest and investigate the plants and animals that live in this incredible environment. They will also be looking at the impact of deforestation.

### D&T Rainforest Café

Children will create their own recipes and make a tasty curry inspired by the incredible ingredients of the rainforests.

# Spring

# 1

## Key Text

LOUIS SACHAR
