

Year 2

Maths

This half term we will be looking at shape, money and starting to look at multiplication and division.

History

The History of Space Travel
We will learn about Neil Armstrong and how he contributed to international achievement. We will also look at how technology has improved our knowledge of space travel.

Science

Animals and their Needs.

They will learn that animals/humans have offspring which grow into adults. They will describe the basic needs of animals/humans, for survival (water, food and air) and describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.

English

In English, we are looking at the story of Bob the man on the moon and writing our own stories.

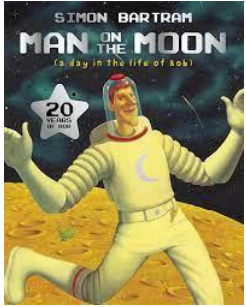

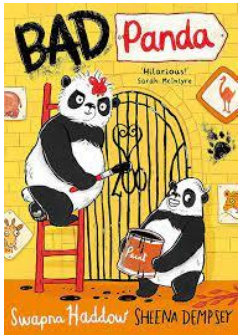

We are the investigating different space explorers and creating our own reports on them.

DT

This half term we will explore Mechanisms. We are looking at Wheels and Axles and will explore how to join different parts. We will investigate the best material to use for axles out of plastic tubing and cardboard triangles.

Spring 1

Key Texts

PE

Children will explore:

Gymnastics

Net and Ball

ENRICHMENT
Cosmos
Planetarium
visit!

Computing Programming

We will be investigating instructions and following them. Then we will use the Bee Bots to test our programs and debug any problems we find.

Read Write Inc.
Phonics

Daily RWI Phonics

Music

We will be learning to sing the song I want to play in the band.

We will also be looking at composing our own pieces of music.

PSHE

Dreams and Goals
We are looking at how we can stay motivated and how we can continue to keep trying when things are difficult.
We will then look at how we can achieve our goals.

RE

This half term, we are exploring Hinduism. We will explore who Brahman is, name some Hindu Deities and will look at where Hindus worship.
